

April, 2014

Fred Bramante, President
National Center for Competency Based Learning

Speaking on behalf of the New Hampshire Business Education Association, we fully endorse and support the 10,000 Mentors Initiative. At a minimum, our organization will assist in the recruitment of mentors throughout New Hampshire.

When Fred shared his vision for how mentors in our communities can help our students and schools, I knew he was removing the learning boundaries from the physical school building. As a board, we believe that this initiative could spread like wildfire. Therefore, we commit our energy to supporting this initiative, and building a mentor system for New Hampshire students.

There is a solution to what ails our schools here in New Hampshire, as well as our entire country.

10,000 Mentors has the potential to provide our schools with the necessary antidote.

Sincerely,

Barbara Wirth

Barbara Wirth, President, NH Business Education Association
